individual person as the object of its own reflective consciousness. Since the self is a reference by a subject to the same subject, this reference is necessarily subjective. The sense of having a self—or self-hood—should, however, not be confused with subjectivity itself. Ostensibly, this sense is directed outward from the subject to refer inward, back to its "self". Examples of psychiatric conditions where such "sameness" may become broken include depersonalization ... Self - Wikipedia Understanding the Self is a fundamental course in the General Education Curriculum for tertiary education. It is designed to help the students understand the nature of identity including factors that influence and shape personal
