Availability Type-4 Parts (411 &  
412) Correct engine timing is  
crucial for getting top performance  
and life out of your engine. And if  
your ignition timing is off, your  
engine's life and performance will  
suffer. If you engine's ignition  
timing is retarded too much, you  
will have a hard time getting your  
engine to idle, have pronounced  
"flat spots" during acceleration and  
have a loss in overall

power. Volkswagen Maintenance - Timing The 050 has a different advance curve, and it's more suited for short rod engines (like the type 4), or engines with a bigger crank and shorter rod (78 stroke with Porsche length rods, etc). The Bosch 050 has not been made for a long time, finding tune up parts for it can be quite difficult, the Centrifugal Only Mallory Unilite is the best "replacement" for the Bosch 050 Distributor. VW Distributor Options | VW Parts for Aircooled ... Tremendous choice of ignition system parts available for the Volkswagen Type 2 Bay available at great prices from Just Kampers. Listings include a thorough selection of ignition related including points, distributors and caps, HT leads, rotors and

arms, coils, plug caps, condensers, lock barrel and keys, ignition barrels, hall senders, switches, relays, Pertronix, fuses and seals. VW T2 Bay Ignition System, Spark Plugs, HT Leads Etc ... Specializing in Performance Aircooled Engines. - Mansfield - Nottinghamshire - - 2 year warranty on New builds - Built to custom specification. Advice given all the way if required. Engines & Engine Kits - Parts - Spares -World wide shipping- Aircooled Hut UK - Performance VW & Porsche Engine Builder Note - you can't just line up the pulley and go from there, because the VW engine is a 4-stroke engine, and the pistons come up TWICE over the four-stroke series - Intake (down), Compression (up), Power (down), Exhaust (up).

So, if the notch is up, you could be at TDC for #1, but you could also be at TDC for #3. Be sure you have it right.
