It can also be maddening, baffling, and terrifying. The Science Writers' Handbook is dense with sage advice on how to make your experience the former rather than the latter. These are lessons it takes years to learn on one's own; this book feels like a wonderful cheat sheet for the profession."

If you're having a hard time finding a good children's book amidst the many free classics available online, you might want to check out the International Digital Children's Library, where you can find award-winning books that range in length and reading levels. There's also a wide selection of languages available, with everything from English to Farsi.
